

Quit Now Indiana **Frequently Asked Questions**

Indiana Tobacco Quitline

Do I have to attend classes?

No. All of your coaching sessions take place over the telephone. This means you don't have to try to find time for classes or trips to someone's office. You can talk to a Quit Coach® any day of the week - even Saturday or Sunday.

Does the program help with all forms of tobacco use?

Yes. We help people successfully quit using all forms of tobacco, including smokeless products such as chewing tobacco. Your chances of quitting successfully are 8 times better with the program.

What are the hours for the Quitline?

Expert Quit Coaches and Registration Specialists are available 24 hours a day, 7 days a week (excluding Thanksgiving day, Christmas day, and Independence Day). You can call our toll-free support line anytime you need additional information or support.

How often will I receive calls from my Quit Coach®?

The scheduling (date and time) of the proactive calls are negotiated at each intervention to optimize successfully contacting and guiding you

to a successful quit. Calls typically occur weekly or semi-weekly, and are scheduled around your quit date to provide support and to prevent relapse. You will receive a total of 4 intervention calls, which includes a quit date call within 3 days of your planned quit date.

What if I miss a phone call from my Quit Coach®?

You may return a call from your Quit Coach® by calling 1.800.Quit.Now (1.800.784.8669) at a convenient time for you. Studies have shown the more calls you complete with a Quit Coach®, the more success you will have in quitting tobacco.

What if I start using tobacco again?

For most people, quitting takes practice. We're not here to judge you if you slip. Instead we're here to help you learn from that experience and try again. Each time you try to quit, you'll learn a little more about what it takes. You'll learn what works and what doesn't, and you'll use that knowledge in your next attempt. We're here to help you every step of the way.
